

BOSI Kora

“The company continued to believe in my capabilities and let me handle my shop, FoneHaus Town, where I’m currently assigned as a Retail Manager. FoneHaus invests a lot in their staff training and I’m happy to be one of those who gained from it. I am a Grade 10 finisher, but I am proud I came this far. FoneHaus is not just about selling phones or gadgets, they care for the well-being and careers of their employees.”

RETAIL MANAGER - FONEHAUS TOWN

Meet Bosikora 🙋

She began her journey with FoneHaus on January 25th, 2012, as a wholesale cashier for FH Boroko. After working there for five years, the company recognized her potential and trained her to become a Retail Supervisor at FH Boroko. ✨

Because of her dedication and hard work, they allowed her to manage a shop with two sales staff. She continued to grow as a leader and was eventually promoted to the position of the first local Store Support Manager. Her role was to assist the shop while the Managers were on leave. This opportunity provided her with more experience and knowledge in the retail industry, while also helping her become a better leader. 🙌

FoneHaus continued to believe in her capabilities and assigned her to manage the FH Town shop where she is currently working. FoneHaus invests a lot in staff training and Bosikora is happy to have benefited from it. Despite having only finished Grade 10, she is proud of how far she has come. 🌸
